

Introducing the better choice . . .

High performance **top feed bag closing machine** in automatic version for unproblematically closing filled sacks and bags. The combined top and bottom feed grips both sides of the bag like pincers. The thread chain is trimmed automatically by electro-pneumatically operated scissors.

Internal forced lubrication. Shell design casting.

Low noise and vibration.

Start-stop:	automatically by feeler controlled proximity switch
Voltage:	24 V DC
Operating pressure:	3 bar
Maximum speed:	up to 2200 R.P.M., depending on material and sewing operation.
Stitch type:	401
Capacity under presser foot:	12 mm
Stitch length:	8, 9 and 10 mm, standard setting 8 mm
Sewing capacity on paper bags:	up to 24 plies of paper
